Colleges and universities have specific requirements which must be met before a degree can be granted. These requirements involve particular courses and curricula, residence on campus, grade point averages. Advisors and deans are happy, upon request, to help students meet these requirements and to maintain accounts of their progress. A student's official record is available to him at any time during normal office hours in the Office of the Registrar. *The responsibility for meeting the requirements for a degree rests with the individual student.* If all requirements are not completed, a degree cannot be awarded. Therefore, it is important for the student to acquaint himself with all College requirements and to make progress toward meeting them.

## Nondiscrimination Policy

2 Wingate College is operated on a racially nondiscriminatory basis. Applications for admission are solicited from members of all ethnic groups. No aspect of the college operation involves denial of equal opportunity, or discrimination by reason of race, color, creed, or sex.

Wingate College wishes to serve all students—to the limit of the institution's capacity—who desire college opportunity.

Wingate College abides by the provisions of Title VI of the Civil Rights Act of 1964 and Title IX of Educational Amendments of 1972.

*Information contained in this catalog is accurate as of the date of publication. Wingate College reserves, however, the right to make such changes in educational and financial policy—due notice being given—as the Wingate College Board of Trustees may deem consonant with sound academic and fiscal practice. The college further reserves the right to ask a student to withdraw at any time.*

THE WINGATE COLLEGE SYMBOL -- adopted to facilitate graphic identification in early 1975, Wingate's symbol, or logo, is an abstract WC created from pillar-like verticals, broad to connote academic and physical strength with tapered ends signifying continued growth. The strong verticals reach upward in a symbolic quest for truth while the base element suggests the firm foundation of Wingate College as a Christian institution with roots deep in Christian principles and practice.

Wingate College anticipates offering limited baccalaureate degree programs beginning in the fall of 1977. The B.A. and B.S. programs will likely be offered in the fields of business, music, and human services.

A junior year will be added beginning in the fall of 1977, with a senior year added in the fall of 1978. The first baccalaureate degrees will be awarded at commencement in the spring of 1979.

The new programs are being planned so as to preserve the advantages of the two-year college and the ease of transfer to other senior institutions, while offering the student the option of remaining at Wingate for bachelor's degree work in business, music, and human services.

*Introduction  
to Wingate*

WINGATE COLLEGE, located in the village of Wingate, two miles southeast of Monroe and twenty-six miles southeast of Charlotte on Highway 74, is the largest two-year church related college east of the Mississippi River. Monroe, the county seat of Union County, has a population of approximately 15,000. Wingate is in the heart of the Piedmont Carolinas with the scenic Appalachian Mountains to the northwest and the Atlantic Coast with its many beaches to the east.

Wingate is one of seven colleges in North Carolina supported by the churches of the Baptist State Convention. Since 1947 Baptists have participated in the growth and development of Wingate by electing trustees to govern the college, by generous financial support through the Cooperative Program, and by sending young men and women into its academic program.

The college had its beginning in the establishment of the Wingate School in October 1895, by the Union Baptist Association. The institution, intended by its founders to be a "school of high grade," first opened its doors in 1896 under the principalship of M. B. Dry. The chief administrators of Wingate have been:

M. B. Dry	1896-1908
B. Y. Tyner	1908-1911
Grover Carroll	1911-1918
Patty Marks	1918-1919
C. M. Beach	1919-1924
J. B. Huff	1924-1930
Coy Muckle	1930-1936
J. B. Little	1936-1937
C. C. Burris	1937-1953
Budd E. Smith	1953-1974
Thomas E. Corts	1974-

From the outset, the purpose and mission of Wingate was clear, as revealed by a statement in the 1898 catalogue:

*The founders of the Wingate School were men who saw far into the future and whose motives were not those of mere self-interest or self-aggrandizement. They saw that all over our country boys and girls were growing up into manhood and womanhood without the requisite moral, religious and intellectual training to fit them for the great duties and responsibilities of life. Their hearts and their minds went out toward them, and the Wingate School was the result. But the great and overshadowing purposes of the establishment of this school was to make it a Christian school. And this is what The Wingate School professes to be. It is not the purpose of the school, however, to teach denominationalism. The chief aim is to surround the school with an invigorating religious atmosphere to give tone to its life.*

In 1923 Wingate added a college level division to its preparatory curriculum. The support of North Carolina Baptists, while present to some degree from the beginning, was significantly increased in 1947 enabling the college, under the guidance of C. C. Burris, to gain full accreditation by the Southern Association of Colleges and Schools in 1952. Three years later, under the leadership of Budd E. Smith, Wingate launched a vigorous program of expansion. The physical plant, student enrollment, and the faculty grew apace, enhancing the living-learning experience of Wingate students. With the accession of Thomas E. Corts in 1974, the college inaugurated a campaign of renewal, seeking to broaden the impact of the college in the community, to invigorate the quality of campus life, and to kindle the spark of creative learning.

Commensurate with the ideals of the founders the current faculty and administration operate under the following statement of purpose:

---

Wingate College is a two-year church-related college affiliated with the North Carolina Baptist Convention. The curriculum consists of programs of study equivalent to the first two years of a senior institution or terminal studies in certain vocational fields, and general education needs of people in its geographical area through community service and programs of adult education.

Wingate seeks to guide the student into a liberal education that includes those subjects that can most readily be taught so as to produce an understanding of the modes of thought, the grounds of knowledge and their interrelations. The central goal is the education of the well-rounded person:

- (1) logical-linguistic: learning to think clearly and accurately in the mother tongue, mathematics, and the like;
- (2) factual: learning the many facts about oneself and about one's physical, social, and cosmic environment;
- (3) normative: learning how to evaluate more sensitively and objectively; and
- (4) synoptic: learning to see life whole.

In an age where frontiers dissolve with amazing rapidity, Wingate College seeks to educate for an informed responsible life. To achieve this goal the college seeks to relate the scientific, internal insights, and normative speculations of students and scholarship providing a process whereby opinions and experiences can be sifted, and feelings of obligation, responsibility, and purpose can be clarified so as to illuminate the historical and social contest of students' private conflicts.

Wingate College believes in the sanctity of persons and therefore reverence for their integrity regardless of differences of color and race and creed. Persons are the center of the teaching and learning process which seeks the actualization of each student's potential through self-realization and mastery of his own abilities.

Wingate seriously assumes its responsibility to the Christian faith, the church, and the Baptist denomination, though its stance is not sectarian. Thus the college desires to introduce the student to God as the One to be honored and celebrated as the center of the universe, to the Christian ethic as response to God as He acts in nature, in history, and crucially in Jesus Christ. To move toward this goal the faculty of the college seeks to systematically explain the Christian faith in response to the questions about life and destiny posed by this particular age and the various academic disciplines offered in the curriculum. The college desires through a relationship of liberal education and the Christian faith the liberation of persons from ignorance, superstition, and self-centeredness and the provision of intellectual and spiritual resources for living in the present changing world. As a devoted community of free Christian scholarship, Wingate seeks to assume skilled and devout cultural leadership while demonstrating the relevance of the divine-human dimension to the educational task.

The ultimate goal of Wingate College in relation to its students and all personnel connected with it is the transformation of information into knowledge, knowledge into wisdom, and wisdom into charity and compassion.

9

The college views its future optimistically. The physical plant will be completed with the addition of a new student center and will be quite adequate for the expected optimum enrollment of 1250 students. The trustees are working to increase the endowment and to provide endowed professorships for outstanding teaching. With the continued support of all who have contributed their talent, abilities and financial support, Wingate will provide an opportunity for growth and learning within the context of the Christian faith.

### The Campus Community

Two gracefully curving entrances on U. S. Highway 74, one at Camden Road and the other at Cannon Boulevard, lead into the campus.

Attached to the six columned brick walls of the Camden Road entrance are large burnished metal letters spelling out the name of the college and the date of its founding. This entrance is the gift of the class of 1965.

Cannon Boulevard, another beautiful four-lane drive, leads to the complex of residence halls for women. This entrance is the gift of the class of 1971.

Within the bounds of the spacious campus the needs for housing, meals, health care, recreation, and study are provided.

*Burris Classroom Building*, erected in 1936, has been recently renovated and contains the business office, faculty lounge, twenty-three classrooms and twenty faculty offices. The building honors C. C. Burris, a former professor, dean, and president of Wingate College.

*Efird Memorial Building* was erected in 1947 and given by the descendants of the late J. E. Efird. It contains the offices of the Dean of Students, Dean of Women, Director of Student Activities, and Student Government Association.

*Ethel K. Smith Library*, named in honor of the College Librarian from 1953-1974, is the heart of academic life on the campus. The large air-conditioned building is equipped with ample study tables and carrels, space for eventual growth of the library's book collection (now 68,000) to 125,000 volumes, and facilities for the best that a college such as Wingate needs in educational services. Seating space for more than 714 students is provided and the library is open 66 hours per week. The library staffed by professional librarians and student assistants, has hundreds of periodicals, 10,000 art slides, 200 reels of microfilm and a fine record collection. The building is equipped with a sound system and has a large lecture room as well as various reading rooms and a newspaper room. Many fine student paintings appear on the walls. There is a small but excellent collection of rare volumes. The *Mary Ann Kincaid Children's Literature Collection* is located here. Photocopying service is available. Orientation in the use of the library is given to all freshmen. The college library services are supplemented by the use of interlibrary loans. The original building was constructed

in 1959 through the generosity of Mr. and Mrs. Charles A. Cannon. Before his death in 1971, Mr. Cannon made available funds for a large addition completed in 1972.

*Austin Memorial Chapel-Auditorium*, completed in 1960 and having a seating capacity of 1,100, serves as a cultural center for the area and as a center of spiritual growth for students and faculty. The building is named for the late Mr. and Mrs. John M. Austin of Wadesboro.

*M. B. Dry Memorial Chapel*, adjoining the right lobby of Austin Auditorium, was erected in 1964 by the students of the late Professor Dry, first administrator of the school. It has a seating capacity of fifty and is used for meditation and worship services.

*Edwin L. Lowery Recreation Center*, erected in 1956, is equipped with a grill for light lunches, recreation facilities, and lounge-T.V. areas. Mr. Lowery was a prominent citizen of Wingate and a former college trustee.

*W. T. Harris Dining Hall*, constructed in 1964 and designed to accommodate 1,500 students, has a seating capacity of 600 including four small dining rooms. The building honors W. T. Harris of Charlotte, prominent trustee and supporter.

*Dickerson Infirmary*, erected with funds from gifts of the banks of Monroe, Wingate, and Marshville, has quarters for the college nurse and physicians. The Infirmary is named for the late N. R. Dickerson, Sr., of Monroe.

*Budd E. Smith Science Building*, named in honor of the College's tenth President, and completed in 1962, provides laboratories and classrooms for biology and chemistry.

*J. Herbert Bridges Business Building*, completed in 1963 provides classrooms, offices, laboratories, and auxiliary facilities for all business administration classes and houses the Remington Rand Univac, other electronic equipment, and the Computer Center. Mr. Bridges was an outstanding leader on the Wingate College Board of Trustees.

*The Sanders-Sikes Physical Education Building*, completed in 1959, is fully equipped for physical education. It has a regulation playing court and a seating capacity of 2,500 as well as ample storage, dressing, locker, office and classroom space. By movable partition, the gymnasium converts into two teaching gymnasia. The structure honors two families prominent in the early history of the college.

*The McIntyre Gymnasium*, built in 1927 and completely renovated during the 50's, provides additional space for physical education. The building bears the name of a prominent Wingate family.

*A Swimming Pool*, constructed in 1957 with funds given by Mr. Charles A. Cannon, is used for recreational instruction. Enclosure of the pool for year-round use has been provided by the students. In 1964 the pool was completely renovated and new shower facilities were added.

*Plyler Athletic Field*, built in 1956 by the children of Mr. I. F. Plyler of Monroe, is a fine athletic field along Meadow Branch for baseball; it has a seating capacity of 3,000. Adjacent are several all-weather Grasstex tennis courts available the year round.

*A College Track* of Olympic size was built in 1965 for cross country and track.

*Northwood*, the President's home, is located one half mile north of the campus.

*Apartments and Homes*, designed for faculty members, have been erected; there are ten apartments and seven homes.

*Bell Tower*, given in 1963 by Mr. Pete Verna, contains the Memorial Bell, a gift of Mr. D. C. Belk; Norton chimes were added in 1964 by Mrs. Joe Ross, Sr., of Monroe in memory of her husband.

*Parking Areas* are provided for faculty and boarding students. There are parking zones along the street throughout the campus for drive-in students. Cars regularly parked on campus are required to bear a registration sticker.

*Holbrook Administration Building*, named in honor of Mr. Roy L. Holbrook, a dedicated friend and former trustee of Wingate College, was completed in the fall of 1965. It is a modern edifice serving the Trustees, the President, the Dean of the College, the Director of Admissions, Admissions Counselors, the Registrar, and the Director of College Relations. The College Information-Reception Center is located in the lobby of this building.

*Burnside-Dalton Fine Arts Center*, named in honor of Mr. J. Ed Burnside and Mr. Harry L. Dalton, both of Charlotte, was completed in the spring of 1968. It includes the Mullis Memorial Studio in addition to other art and music studios. The Allen Griffin Art Gallery houses a permanent art collection; included are the works of noted South American, Japanese, and European artists. Also there are foreign language classrooms and laboratories. The building opens out onto an enclosed patio garden which provides space for sculpture displays as well as landscape gardening.

*Laney Hall*, erected in 1968 through the generosity of the late Mr. Baxter K. Laney and Mrs. Laney (Minnie Funderburk '09), provides a 300 seat auditorium. The building is fully carpeted and equipped with facilities for modern audio-visual teaching aids.

*Dry Memorial Fountain* has as its base the original "lasting spring of water" which supplied water in the early days of the institution.

*Charles Albert Cannon Textile-Engineering Building*, erected in 1969-70, contains approximately thirty thousand square feet of floor space. It provides laboratory and classroom space for instruction in specialized textile curricula in addition to graphics, physics, engineering, and mathematics. A special feature of this building is a penthouse which serves as an observatory and meteorology classroom. The main lobby has a display area for current textile products of the area. The building honors one of the College's most esteemed benefactors, the late Charles Albert Cannon.

*Cowsert House* is a residence type brick building located near the center of the campus. It is the focal point of activities for the Wingate College Christian Student Union and contains the offices of the Campus Minister and the Director of Housing for men. The building is named in honor of the late Reverend J. J. Cowsert and his family. The Cowserts have a long and distinguished record of Christian service in the missionary field.

*The Dickson-Palmer Center*, at the main intersection of the campus across from the W.T. Harris Dining Hall, will be ready for occupancy in May of 1977. In the center will be: book and variety stores, game rooms, T.V. lounge, pool tables, table tennis room, snack bar, reading, music, and conversation lounge, social hall, and six bowling lanes. The building will provide for student personnel, administrators, conference rooms, campus post office as well as facilities for student government and student publications. A small chapel and office for the campus minister are included along with a public lobby, and information center. The building honors Clyde C. Dickson, Sr., of Charlotte, and the late Fannie Drye Palmer of Albemarle.

## Housing

The Board of Trustees of Wingate College requires that all students live in college facilities unless they live in their own homes or the homes of their parents.

The college owns and operates 12 modern residence halls that provide excellent living quarters. Men students are assigned housing by the Director of Housing for Men; women students are assigned housing by the Dean of Women.

Wingate College cannot provide insurance to cover the personal belongings of a student in residence at the College. It is recommended that the student and his parents check with the family insurance agent for such coverage as desired.

## Student Residences

### For Women

*Ruth Coltrane Cannon Hall*, a modern facility, designed for pleasant living, houses 144 women. In addition to an apartment for the residence counselor, there are well-equipped parlors, recreation room, storage, kitchen, and laundry facilities. The building honors the late Mrs. Charles A. Cannon.

*Bess Hamilton Tucker Hall*, completed in 1964, is a modern building which houses 120 women in fifteen suites—eight per suite. Each suite has an outside entrance, bath, and lounge facilities which encourage a congenial atmosphere. On the first floor is located an apartment for the residence counselor, adequate parlors, recreation room, storage room, laundry and kitchen facilities. The Hall is named for the late Mrs. C. M. Tucker of Pageland, wife of a former trustee.

*Carol Belk Hall*, completed in 1966, is a modern building which houses 160 women in twenty suites comparable to those in Tucker Hall. Connecting Belk and Tucker Halls is a one-story building that provides beautiful parlors, and lounge areas. Belk Hall honors Mrs. Irwin Belk of Charlotte.

*Honors House*, a modern brick dwelling houses 21 women. This building is completely carpeted and air conditioned.

### For Men

*Alumni Dormitory* is a fireproof building housing 90 men. The rooms are completely panelled and carpeted.

*Bennett Hall*, completed in 1964, houses 92 men. It is arranged in suites with 23 men per suite. Each room has running water, electric heat, carpeted floors, and drapes. The Hall is named for W. L. Bennett, of Wadesboro, former trustee, alumnus, and supporter.

*Bivens-Perry Hall* is a modern, four-story building for 93 men. All rooms have running water and wall-to-wall carpet. The Hall is named to honor two prominent Wingate

families who have been supporters throughout the history of the college.

*Holbert Hall*, completed in 1964, houses 92 men. It is arranged in suites with 23 men per suite. Each room has running water, electric heat, carpeted floors, and drapes. The Hall honors a former trustee of Albemarle.

*Stewart Hall* is a modern four-story building for 93 men. All rooms have running water and wall-to-wall carpet. The Hall honors the late C. M. Stewart who donated the land for the erection of the original building.

*Hendricks Hall*, completed in 1962, accommodates 60 men. All rooms have running water, electric heat, and carpeted floors. The Hall honors the late Dr. A. F. Hendricks, professor of Bible and Mathematics for many years.

*Helms Hall and Conference Center*, completed in 1967, houses 200 men. It is air conditioned, has electric heat and wall-to-wall carpet, recreation facilities, study rooms and lounge areas. The Hall and

Conference Center honors L. L. Helms, prominent alumnus and trustee of Wingate College and his wife, Mary Smith Helms.

*Bridges Hall*, erected in 1969-70, houses 138 men. Each room has wall-to-wall carpeting and individually controlled electric heat and air conditioning. It is arranged in suites with eight men per suite. The Hall is named for H. Conrad Bridges of Mooresville, a trustee.

*Rushing Hall*, erected in 1969-70, houses 138 men. Each room has wall-to-wall carpeting and individually controlled electric heat and air conditioning. It is arranged in suites with eight men per suite. The Hall honors Tom Rushing, former trustee, of Marshville.

*Hackney Lounge*, joining Bridges and Rushing Halls, provides lounge, recreation, and study areas for men of the adjacent dorms. The Lounge is named in honor of J. P. Hackney, Jr. of Charlotte, former trustee and alumnus.

# *Student Life*

AT WINGATE emphasis is placed on the cultural aspects of life, along with spiritual growth, scholastic achievement, and social development. During the year many fine lyceum programs are presented. In addition, the college choir, music faculty and students, as well as dramatic groups, present recitals, concerts, and plays. Charlotte's Coliseum and Ovens Auditorium, located on the Wingate side of the city, afford excellent entertainment such as concerts, Broadway plays, ice hockey, and horse-shows. Receptions, teas, dinners, and socials occupy prominent places in the college calendar.

### Commuting Students

Wingate College makes every effort for students who reside at home and commute to the campus to have a normal college experience. Lounges are maintained in the student center, recreation center, and Bridges Business Building for the convenience of these students. Commuting students are encouraged to become involved in all aspects of campus life.

### Student Government

Wingate has an active Student Government Association under the supervision of the Director of Student Activities. The Association is a cooperative body with a constitution that provides for policy making and enforcing. All students at Wingate are members of the Student Government Association, and its officers are elected by popular vote.

The Women's Dormitory Council and similar Men's Dormitory Council represent all residents living on campus. The councils assist in making and enforcing residence hall regulations.

*The Student Handbook*, containing specific regulations, is presented to every new student at the time of matriculation. Members of the Dormitory Councils assist the students in understanding the regulations set forth in the handbook.

### General Rules

The college strives to maintain a wholesome, friendly, and inspiring campus environment, conducive to right thinking and right living. As far as possible, students are dealt with individually and encouraged to live up to their highest potential.

A student, to remain in good standing, be considerate of the well-being of others and respect the traditions of the college.

Those planning to enter college should read carefully the following definite statements:

1. Hazing is a violation of the laws of the State of North Carolina. Any type of physical punishment, humiliation, or intimidation of any student by another student is classed as hazing and is not permitted.
2. Possession or use of alcoholic beverages on campus or at College functions is strictly forbidden.
3. The illegal possession or use of controlled substances is strictly forbidden.
4. Stealing, lying, gambling, cheating, vandalism, and other forms of immoral conduct are not permitted and will be dealt with according to the offense.
5. The possession of firearms, firecrackers, or explosives of any kind on a college campus is a violation of College policy and of North Carolina law.
6. Students are not permitted to keep pets in College buildings.
7. Rooms are equipped with adequate lighting. A maximum of 150 watts is allowed in each room. Sun lamps are not permitted.
8. Students may not change rooms without consent of the respective Dean. Students make a deposit of \$5 for each key. The key deposit is refunded

when the key is returned to the Director of Housing. A \$10 damage deposit is posted by each student and is returned at the end of the year unless the student has assessed damages. Damages to rooms are charged to occupants and must be paid immediately.

9. Students must register motor vehicles.
10. When a student moves into a college room he/she assumes obligation for that room for a semester.
11. Students are responsible for regulations set forth in the student handbook as well as those of the catalogue (bulletin). Dormitory regulations are posted on the back of each room door.

### What Students Should Bring

Dormitory rooms are furnished with bed, dressers, and desks or tables. Drapes are furnished in the women's dormitories but are not furnished in all men's dormitories. The college does not operate a laundry, but facilities are available in the community. Students should bring the following:

Waste basket	Soap and toilet articles
Towels	Study lamps
Pillow and cases	Dictionary
Four sheets (single)	Athletic Socks
Four wash cloths	Tennis shoes with smooth soles
Two blankets	Glass
	Knife, fork, spoon.

### Messages and Mail

Wingate is served by the North Carolina Telephone Company. Telegraph messages, if sent to Monroe, will be telephoned to the college. The college maintains mail delivery service on the campus. Students pick up packages at the town post office. Pay telephones are located in dormitories. Students may have phones in their rooms, upon subscription through the Dean of Women, or the Director of Housing (for men).

### Emergencies

Wingate College strives to provide adequate personnel to handle emergencies at all times. Students can be located in case of emergencies by calling:

704/233-4061.

### Transportation

Queen City Trailways operates daily schedules to points throughout the state and nation. It is only a short distance to Charlotte's airport where there are many scheduled flights daily to all parts of the country on United, Eastern, Southern, Delta, and Piedmont Airlines.

### Religious Life

From the time of its establishment, Wingate College has regarded religion as a central factor in life. Technical mastery is only a partial education. Moral integrity must be added to professional skills, and each whole person must possess spiritual awareness. Wingate attempts to create an atmosphere in which students may mature in their religious beliefs and find intellectual sanctions for their faith.

17

Religious activities on the campus are directed and coordinated by the Christian Student Union and the Campus Minister. The Wingate Baptist Church is adjacent to the campus and the Wingate United Methodist Church is located a few blocks away. Other churches of other denominations are located in Monroe.

Students attend convocation once a week. Programs, while varying in content, are knit by a theme of moral value and spiritual consciousness. Vesper services are held regularly under the auspices of the Christian Student Union.

Wingate faculty members are personally dedicated to the inculcation of religious values. They participate in area churches and believe that the dimension of value is best taught by demonstration of the impact of Christian faith on personal living.

## Athletics

In an effort to help the student develop a sound and strong body, the college sponsors a well-balanced program which offers every student the opportunity of enjoying healthful, organized, and supervised play. Students are encouraged to participate in intramural activities. The college sponsors intercollegiate teams in a number of sports for men and women.

**Intramurals**—The intramural phase of athletics is important. Every student is urged to participate in some type of activity. Tournaments are held in basketball, volleyball, baseball, softball, horseshoes, tennis, ping pong, track, cross country.

## Student Publications

Students, under faculty supervision, publish a college yearbook, *The Gate*, *The Triangle*, the campus newspaper; and a literary magazine, *Counterpoint*, which portray student life. The *Student Handbook* is prepared by the Student Government Association of Wingate College and the Administration for the orientation and guidance of students. *S.G.A. Newsletter* is the official publication of the Student Government Association.

## Honor Societies

*Phi Theta Kappa* is the National Junior College Honorary Scholastic Society. To be elected a student must have a grade point average among the upper five per cent of the student body, must carry at least twelve academic hours, and must be a constructive and responsible citizen.

*Alpha Beta Gamma* is the honor society for vocational business students in either a two-year or one-year program in Accounting, Data Processing, Business Management, and Secretarial Studies. To be selected a student must carry a minimum of twelve academic hours; he must have a grade point average of 3.4 as a freshman and 3.3 as a sophomore.

## Departmental Societies

*Alpha Mu Gamma* is the honorary language fraternity. To be eligible a student must receive at least two "A's" and one "B" in unrepeatable language courses; the grades earned in all subjects exclusive of those in a foreign language shall average at least "C".

*Chi Omicron Pi* is the honorary chemistry fraternity. It is open to students with a "B" in chemistry and an overall average of "C".

*Delta Psi Omega* is the honorary dramatics fraternity. Outstanding members of Masque and Wig are invited to join. Prospective members must have an impressive list of performances or behindstage work.

*Phi Rho Pi* is a national junior college forensic fraternity pertaining to debate and other public speaking. To be eligible a student must participate in debating, after-dinner speaking, impromptu, and extemporaneous speaking.

*Sigma Alpha Omega* is an honorary mathematics society. Eligibility requirements involve recommendation to the club by a faculty-student committee. A student must have achieved an "A" in one semester of college mathematics and have maintained a 3.5 average in all college work, or have achieved a "B" in any calculus or differential equations course and have maintained 3.0 average in all college work.

*Sigma Alpha Omicron* is the honorary engineering fraternity; it is open to all engineering students who have met specific scholastic requirements.

## Clubs

Numerous clubs at Wingate promote interest in subject matter and various activities. Included are the following:

*Biology Club*, organized for students with a love for nature, affords an opportunity for more extensive nature study.

*Black Students' Organization* promotes community among Black Students and encourages a sense of Black awareness on campus.

*Cheerleaders Squad* is organized to promote school spirit and to encourage the teams to excel.

*Chess Club* is both a recreational club and a competitive organization that engages in match play.

*Circle "K" International* provides students with a means by which they can express their concern and be of service to others in society. The motto is "WE BUILD" and in practice means constructive involvement in the community and on campus.

*Emergency Medical Association* provides continuing education of members in the field of pre-hospital care. Members must be registered Emergency Medical Technicians currently enrolled in a program recognized by the state of North Carolina.

*International Students' Club* promotes world understanding among students from other countries and guides them to a better understanding of the United States, North Carolina, and Wingate College campus life.

*Library Club* helps to acquaint members with librarians and the Wingate College Library. It attempts to interest members in librarianship as a career.

*Literary Club* fosters a vigorous exchange of ideas among those who are vitally interested in literature and the cultural world about them. Freedom of expression between students and faculty is encouraged and membership is open to all interested students.

*Masque and Wig* provides varied creative outlets for students interested in drama. From try-outs to production, the theater involves both work and artistic ingenuity.

*Outing Club* promotes the enjoyment and conservation of the out of doors. Its activities include climbing and spelunking.

*Phi Beta Lambda* is an organization for business students who plan to enter the field of business.

*President's Forum* is composed of the presidents of campus organizations. Members meet to discuss college affairs informal-

ly with the College President.

*Student Education Association* is a service organization equipping members to become leaders in the educational field.

*"W" Club* is composed of athletes outstanding in major sports.

*Women's Recreation Association* stimulates interest in wholesome physical activities, promotes recreational participation and accomplishment, and contributes to the ideals of health and sportsmanship.

*Young Democrats Club* promotes the interests of the Democratic Party.

*Young Republicans Club* promotes the interests of the Republican Party.

## Awards

The *Budd E. and Ethel K. Smith Award* is presented annually to the student judged to have made an outstanding contribution through leadership of other students.

The *C. C. Burris Award* is presented annually to the woman who represents the ideals of scholarship, leadership, and service.

The *A. F. Hendricks Award* is presented annually to the man who represents the ideals of scholarship, leadership, and service.

The *H. K. Helms Award* is presented annually to a student achieving excellence in scholarship.

The *Art Purchase Award* is presented each year to the student whose work is judged the most outstanding contribution to the Commencement Art Exhibit.

The *Daughters of the American Colonists Award* is presented annually to the best student of American history.

The *Leadership Award* is presented to the young man or woman who exhibits unusual leadership qualities.

The awards listed above are presented at Commencement. *J. Howard Williams Athletic Cup*, *Arthur Joseph Geddings, Jr. Sportsmanship Award*, *Joel C. Herren Debate Medal*, *Art Awards*, *Public Speech Awards*, *Student Government Award*, *Marlin McCasland Art Award*, *John L. Stickley Textile Award*, *Alex Madans Memorial Textile Award*, *English Award*, and other departmental awards are presented on Awards Day in Convocation.

Students taking less than 12 semester hours are classified as special students and are charged tuition at the rate of \$30 per semester hour.

Wingate College reserves the right - due notice being given - to make such changes in fees and charges as may, in the judgment of the Board of Trustees, be in accord with sound management.

## GENERAL INFORMATION:

Basic charges for the semester are payable before registration may be completed.

The College must be notified, prior to registration, of any financial aid, trust funds, etc., accruing to the student from sources other than Wingate College. If the student expects to receive aid of any type from Wingate College, it must be cleared with the Business Office prior to the student's arrival on campus.

The student may deduct one-half of the total aid for the year from the first semester payment.

**DEPOSITS:** The \$25 or \$50 deposit made by each student is applicable to the semester for which it is made. It is not refundable if the student fails to complete his enrollment. Scholarship students must

make a non-refundable \$50 deposit for room.

The \$5 key deposit and the \$10 damage deposit are paid by boarding students at the beginning of the fall semester. The key deposit is refunded when the student turns in his room key at the end of the year. The damage deposit is refunded at the end of the year if no damages have been charged to the student. Commuting students do not pay either a key deposit or a damage deposit.

**BOOKS and SUPPLIES:** Textbooks and any necessary class materials are on sale in the College Bookstore. A complete line of college goods, with insignia, is available. Almost every need of a student for studying and living can be purchased on the campus.

**CHECK CASHING:** The Business Office will accept checks only for payment of accounts. For students who stay on campus for extended periods, or who find it necessary to have substantial sums of money available, it is suggested that an account be established with a local bank.

**LATE ARRIVAL:** Students arriving after the closing hour on the last day of registration will be charged a Late Registration Fee of \$10, whatever the reason for the delay.

**RESPONSIBILITY FOR PAYMENT:** Payment of all applicable basic charges for the semester is due upon registration. The student is responsible for seeing that payments are made.

**INSURANCE:** An optional medical insurance policy is available at additional cost. Interested students must enroll on or before registration day in the fall.

**NORTH CAROLINA LEGISLATIVE TUITION GRANT:** The State of North Carolina provides a grant of \$100 per semester to each North Carolina resident who is enrolled in a private college in North Carolina as a full-time undergraduate student. An application is required for this grant.

**REFUNDS:** The College makes in advance substantial commitments for the purchase of goods and services based on the number of students completing registration. However, students who officially withdraw from the College may be refunded a portion of their payments on the basis of the following schedule:

**TUITION AND FEES**

Withdrawal before close of business:	REFUNDABLE
First Friday of the Semester	75%
Second Friday of the Semester	50%
Third Friday of the Semester	25%

**BOARD (meals)** payments shall be refunded pro rata, less 10% of the basic charge. Refunds for board shall be computed as of Friday of the week of withdrawal.

**ROOM** charges are not refundable.

This policy applies to students who officially withdraw during the course of any regular session of the College. It does not apply to summer sessions nor in the event a student is suspended or expelled.

**Student Aid**

Wingate College welcomes the opportunity to aid students who require financial assistance in meeting the cost of attending Wingate. There are few instances where some arrangement cannot be made for financing college expenses at Wingate.

Several programs are described below. Some provide outright grants, some involve part-time jobs, to enable the student to earn a portion of college expenses; some make possible deferred payment.

Awards are based upon evidence of need and academic potential. Awards are generally renewable if the student maintains a satisfactory scholastic average and demonstrates need on the renewal application.

*North Carolina Contract Scholarships:* Funds for these scholarships are made available by the State of North Carolina to aid North Carolina residents who are attending private colleges in the state. They vary in amount according to the need of the student.

### *Basic Educational Opportunity Grants:*

A student may receive a grant of up to \$1,400 minus the amount he and his family are expected to contribute to his education. A separate application is required for this federal program.

*Supplementary Educational Opportunity Grant:* Direct awards are made to full-time students with exceptional financial need who show academic or creative promise. They range from \$200 to \$1,500 per year, depending on family resources and college costs, but cannot exceed one-half of the total aid received. In order for a student to receive this grant, the college must award the student a matching amount of financial aid.

*College Work Study:* In this joint federal-college program, part-time employment is made available to students to help pay educational expenses. Students must be enrolled or accepted for full-time enrollment. Students may work up to a weekly average of 15 hours while attending college. The basic pay is at the minimum wage rate.

24

*Church Vocations Aid:* Students studying to serve as pastors or in other church vocations must be approved by their churches and may file requests for assistance on tuition. Any student granted aid agrees to work closely with the Wingate Christian Student Union. Any student granted aid is required to execute a note with a competent endorser, agreeing to repay the amount of the grant if he does not become a pastor or engage in a church vocation within a reasonable period of time.

Any full-time North Carolina Southern Baptist pastor or his wife may take any course offered at Wingate tuition-free while he is actively engaged as a pastor.

Sons or daughters of ministers currently serving pastorates within the Southern Baptist Convention may, upon application, receive a grant of \$75 per semester toward tuition.

### Scholarships

*Trustee Awards.* These were established by Wingate College Trustees in 1965. They are based on merit without consideration of need; they are for undergraduate study leading to a college degree. The stipend for a Trustee Scholar is \$1,000 per annum. For an Associate Trustee Scholar the stipend is \$800 per annum. These awards are subject to renewal upon maintenance, by the recipient, of high standards of work and conduct. Nominations are made by eligible high schools and preparatory schools; recipients are chosen by a Committee.

*Allen Endowed Scholarships* have been established by Mr. and Mrs. Fred H. Allen of Wadesboro to be awarded annually to outstanding young people of strong Christian character and leadership.

*Allvac Scholarship*, made possible by Allvac Metals of Monroe—a Teledyne company—is valued at \$750 and is awarded to a student from Union County.

*Irwin Belk Endowed Scholarships* were established in 1966 by Senator Irwin Belk.

*C. C. Burris Memorial Scholarship*, given in memory of Dr. C. C. Burris, is valued at \$100 annually; it is awarded to a student for two years.

*Julius Thomas Dewitt Memorial Ministerial Scholarship* is awarded annually.

*Griffin Implement and Associated Companies* have established two scholarships that are awarded annually to worthy students who are majoring in agriculture or related fields.

*A. F. Hendricks Scholarship*, given in memory of Dr. A. F. Hendricks, is valued at \$100 annually.

*Sam H. Lee Memorial Scholarships* are given each year to outstanding young people in the business program.

*Liles Ministerial Trust* is established by Mr. J. S. Liles of Wadesboro—the income to be used to assist worthy Ministerial students; preference is given to Anson County students.

*Mary Louise Little Endowed Scholarship Fund* has been established by Hal W. Little of Wadesboro in honor of his wife.

*O. W. McManus Memorial Ministerial Scholarship* of \$200 is awarded annually.

*Manetta Mills Scholarship*, established in 1972 by Mr. W. W. Heath, is to be awarded to employees and children of employees.

*Janet Mathis Scholarship* has been established by the class of 1966 and friends; it will be awarded each year to an outstanding rising sophomore.

*George Milton and Sarena Brooks Little Memorial Scholarship* was established by Mr. and Mrs. Thomas Little and is presented annually.

*Alex Madans Scholarship in Textiles* is made possible by Mr. Jerome Madans.

*B. F. and Della Cox Parker Memorial Scholarship* of \$250 is awarded annually to an outstanding Freshman.

*Maynell L. Redfearn Memorial Scholarship*, valued at \$100 annually, is established by Virginia Redfearn Heath.

*Redfearn Memorial Scholarship* is given each year from the income earned through funds made available by the descendants of Nimrod and Sarah Redfearn; preference is given a young person of Anson County.

*Reverend Frank Stegall Memorial Scholarship Fund* has been established by the First Baptist Church of Randleman, Randleman, N.C. Income is to be used to assist needy students attending Wingate College.

*Margaret Wolfe Memorial Scholarship* valued at \$300 per year is awarded annually to a Union County Resident attending Wingate College and majoring in Secretarial Science.

*John L. Stickley Textile Scholarships* are made available by Mr. and Mrs. John L. Stickley, Sr., of Charlotte.

*Dr. E. S. Summers Memorial Scholarship*, valued at \$100 per year, is made available by friends from Concord and Kannapolis.

*J. B. Helms Memorial Scholarship* was established by Mrs. J. B. Helms in 1973. It is to be awarded to a rising sophomore majoring in art and music.

*Joel C. Herren Memorial Scholarship Fund* has been established to assist Wingate students. The fund is a memorial to an alumnus who served for many years as bursar and debate coach.

*Carl Thomas Jarrell Memorial Scholarship Fund* perpetuates the memory of a former teacher and alumnus. The fund provides tuition assistance to deserving students.

*Henry and Ava Richardson Pow Memorial Scholarship Fund* has been started by the children of Mr. and Mrs. Pow. The Pows were 1929 graduates of Wingate College and were active lay workers in church activities throughout their lifetime.

*The Reverend Arthur C. Sherwood Memorial Scholarship Fund* established by Miss Ann Sherwood perpetuates the memory of a former pastor of Wingate Baptist Church. This fund provides scholarship assistance to deserving students with preference being given to young men and women from the mountains of North Carolina.

*Sarah Chapman Walker Memorial Scholarship* has been started by friends and former pupils of Mrs. Walker. Proceeds are used to aid students majoring in piano.

### **Bicentennial Leadership Awards**

These were instituted by the Board of Trustees of Wingate College to recognize high potential leadership individuals who will reflect the values and ideals of those who founded the United States of America.

## Loan Funds

Certain loan funds are available to worthy students:

*The Reverend W. T. Baucom Fund for Ministerial Students*

*Hallie B. Welsh Fund*

*Richardson Loan Fund*

*Stanback Loan Fund*

*National Direct Student Loans:* In this joint federal-college program, loans are made to needy students. A student may borrow up to \$2,500 during his first two years of college. Repayment begins nine months after the student ends his studies. There is no interest until repayment begins; after that, the interest rate is three per cent per year on the unpaid balance. Minimum repayment is \$30 per month. A student may cancel part of the loan through certain types of teaching service.

*Guaranteed Loans:* This program is designed for middle and upper income families for whom the cost of education may be a burden, particularly if two or more children attend college at the same time. Legal residents of North Carolina enrolled full-time may borrow through College Foundation up to \$1,250 per semester for a total of \$2,500 per academic year for an aggregate of \$10,000 per enrollment including graduate school. Loans are insured by the N. C. State Education Assistance Authority or the U. S. Office of Education and under certain conditions the Office of Education pays the 7 per cent interest during the in-school and grace periods. Similar programs are available for residents of other states.

Other funds for scholarships or loans are available for ministerial students, textile students, and for worthy students in any field. These funds have been established by corporations, foundations, and individuals.

*Academic  
Information*

## Admission

Persons seeking admission to Wingate College should write for an application, complete the form carefully, and return it as early as convenient. A processing fee of \$10 must accompany the application, and this fee is not refundable. To reserve a room, a \$50 nonrefundable deposit is made to the Admissions Office. This is to be made by February 1 or within ten days after being notified by the Admissions Committee that the applicant has been accepted for admission to Wingate College. For a Commuting Student a deposit of \$25 is required to complete registration. College Board scores or American College Testing scores should be sent to the Admissions Office of Wingate College, Wingate, North Carolina 28174.

International students must submit scores on the Test of English as a Foreign Language (TOEFL) or other certification of ability to use the English language.

The summary on the last page of this bulletin should be carefully checked.

## Transfer Students

A student coming from an approved college receives credit for work satisfactorily completed in such institution, provided the work is applicable to the desired program of study at Wingate. The applicant's present or last college must indicate that the applicant is eligible to return to the institution from which the student is transferring. The applicant must request the registrar at each institution formerly attended to send a transcript of work to the Office of the Registrar at Wingate. The last year in residence and an overall average of C are required for graduation at Wingate College. The student must also pass a writing proficiency test.

## Credit by Examination

Wingate College allows students to earn credit through examinations administered through the College Entrance Examination Board (CEEB). Students earning a grade of

3 or higher may apply to the Dean of the College for appropriate credit. Credit earned through the College Level Examination Program (CLEP) will be evaluated by the Dean of the College and credit determined. Credit earned in these ways will be identified on the student's transcript.

The faculty has authorized certain departments to make available to students challenge examinations for some courses. Those who successfully challenge a course are awarded college credit. The examination fee is one-half of the tuition charge for that course.

## Registration

Each student has a faculty advisor who works closely with him in making decisions relative to a program of study and course offerings. Advisors have current information concerning senior college requirements and curriculums. A program of study is planned for each student which will meet Wingate's requirements and fit the individual's total educational plan.

## Orientation

Incoming students take orientation and pretesting for registration on a weekend during the summer prior to entrance in the fall. Students unable to attend summer orientation should report early for pretesting, guidance, and preliminary registration assistance. Students who have not been pretested prior to August 15 will be required to pay an additional fee of \$25.

During orientation, students are familiarized with the regulations of the college. Further orientation details are presented by the administrative officials during the first three days after the students arrive on campus in the fall.

Each student is assigned a Faculty Advisor.

Each student should read the catalog carefully before enrolling.

## Classification

Students are considered freshmen upon entry into college. At least 30 credit hours should be completed in the first year.

**Sophomore standing** is given to students who have completed at least 28 hours.

Fifteen to seventeen credit hours comprise a normal work load. A student will not be allowed to register for more than eighteen hours without special permission from the Dean. Full-time students must carry at least twelve academic hours.

Those with less are considered special students and normally do not live in college housing.

Charges are based on a maximum student load of eighteen hours; a student will be charged for hours over eighteen (except applied music) at the rate of \$30 per hour. If a student registers initially for less than twelve hours, he is classified as a special student and charged \$30 per hour.

## Change of Courses

- a. A student may add a new course during the first week of a semester and receive full credit, provided he has the permission of the registrar and makes up the work to the satisfaction of the instructor.
- b. A student may withdraw from a course at his discretion from the beginning of the second week up to one week prior to the date of mid-semester and receive a "W" provided he:
  1. maintains his standing as a full-time student;
  2. secures the approval of his advisor and the registrar.

During the period from one week prior to mid-semester to one week after mid-semester, a student who drops a course under the above conditions receives either: "W" (withdrawal passing) if he is passing the course or "WF" (withdrawal failing) if he is failing the course. Withdrawals later than one week after mid-semester require "WF",

except when a student withdraws from the college, in which case he receives what he is earning at the time of departure (W or WF). Should a student drop a course at any time without official approval from the registrar, he will receive an "F".

## Class Attendance

Regular attendance at all classes is an important responsibility and is vital to the learning process.

The Wingate College faculty has adopted the following policy:

1. Up to three hours of absence may be taken by a student from any course granting three or more hours of credit. Courses offered for fewer than three hours credit allow class absences for the number of hours equivalent to the credit hour value of the course.
2. In addition, when illness or other specified circumstances prevail, the college infirmary, the Dean of Students, the Dean of Women, and classroom instructors are authorized to designate specific absences as excused.
3. When a student has excessive absences, the instructor may deduct from the student's grade an amount deemed appropriate, but not in excess of one letter grade for each unexcused absence.
4. When a student reaches the number of unexcused absences requiring the dropping of a letter grade in the course, a written notice to this effect is sent to the Office of the Dean of the College. The student with excessive absences evidenced by reduction of grades will be called for a conference with the Dean of the College and/or other appropriate action.
5. The student who reaches the point of receiving an F because of absences should be withdrawn from the course WF.

## Evaluation

At the conclusion of each semester, examinations are given on the work covered during the entire semester. The minimum length of the examinations is one and one-half hours; the maximum length is three hours. The examination schedule is made available to students at least one month before examinations begin. Each student is expected to take his examination at the scheduled period unless the instructor allows the student to take his examination with another section of the same course. Other changes or special examinations require the written permission of the Dean of the College.

If for any reason except illness or representing the college, a student is absent from any regular semester examination, he may take the examination at a later date only with permission from the Dean of the College and after paying a fee of \$10 to the Business Office. A student's permission and his receipt must be presented to the instructor in charge before he shall be given this examination.

## Grading System

Grades are recorded in letters as follows: "A," Excellent; "B," Above Average; "C," Average; "D," Passing; "E," Conditional; "F," Failure; "I," Incomplete. The grade of "E" allows the student to take a re-examination if he wishes. The grade of "I" indicates that some requirement of the course is not yet complete. A student receiving an "E" or "I" is expected to initiate steps with his instructor to change these grades. If no action is taken, a grade of "E" or "I" becomes an "F" after thirty (30) days of the next regular semester have elapsed.

Grade reports are issued twice each semester. Mid-term grades serve only to indicate quality of work and are not a part of the permanent record. Those grades issued at the end of the semester make up the student's transcript.

A student's grade point average is calculated by means of quality points. A grade of "A" carries four points per credit hour, a "B" three, a "C" two, and a "D" one point. An average grade of "C" is required for graduation.

## Academic Honors

Students whose academic work is extraordinary are recognized by the College community.

Each semester a Dean's List includes those students who have earned a quality point average of 3.3 on at least fifteen academic hours and have no grade below a C. Students with a 3.9 average on at least fifteen hours and no grade below a C will receive special recognition.

At the Commencement, students with a cumulative average of 3.5 are graduated with honors; those with 3.9 averages are graduated with highest honors. These distinctions are noted on the graduate's diploma.

## Requirements For Graduation

To qualify for the Associate Degree, a student must meet the following requirements:

1. Present 60 academic hours plus required Physical Education. The average grade must be a "C" on all college work attempted.
2. Pass the writing proficiency test in the sophomore year.
3. Complete a program of study unless waiver is granted in writing from the Dean of the College.
4. Discharge all financial obligations to the college.

A student must be present at graduation ceremonies to receive his diploma. Only in circumstances beyond the student's control will permission for absence be granted. A written request for such permission must be made to the Dean of the College at least thirty days before Commencement.

A student may graduate under any catalog in force during any semester in which he has earned academic credit.

### Academic Probation

A student on Academic Probation is permitted no class absences except for illness, and he may not represent the college in any extra-curricular contest, athletic or otherwise, or appear on any public program of the college.

Academic Probation is determined by the cumulative average which a student has earned on credit courses since his entrance into college. At the conclusion of a semester, the Dean of the College will notify both the student and his parents by mail if the cumulative average is below the minimum. In such case the student will be placed on Academic Probation for the next regular semester. Probation is determined only on the basis of permanent grades at the conclusion of a semester; mid-semester progress reports are not involved in such calculations.

The minimum cumulative averages to avoid academic probation are: end of first semester, 1.50; end of second semester, 1.60; end of third semester, 1.70.

The Dean of the College may, in consultation with the Dean of students or the Dean of Women, exempt a student from Academic Probation if the student's average includes Incompletes which are the result of circumstances beyond the student's control. If the removal of Incompletes raises a student's average to the required level, he may apply to the Dean of the College for removal from Academic Probation.

### Academic Ineligibility

A student must pass at least nine hours the first semester in attendance to be permitted to register for the second semester. A student who is on Academic Probation at the end of successive semester and who has a cumulative grade point average of less than 1.50 will be academically ineligible for the

next semester. Students who are academically ineligible may apply through the Dean of the College for a review of their records by the Committee on Appeals. This committee may waive the suspension in view of extraordinary circumstances.

When it becomes clear to college personnel that a student has forfeited his/her academic responsibility by:

1. persistent failure to complete classroom assignments;
2. habitual class absence; or
3. disruption or disturbance of fellow students in academic dimensions

he/she may be asked to withdraw from the college. Appeals relative to enforcement of this policy may be made to the Committee on Academic Affairs.

### Withdrawal From College

If it becomes necessary to leave school during the year a student must withdraw in an official manner. The student must first obtain a withdrawal slip from the office of the Dean of the College. This slip must then be carried to the officials listed on the form and be signed by each. This process is concluded at the Business Office. One who has settled all accounts with the College will be given an honorable dismissal. A student who withdraws after the lapse of one week following the date of mid-term on the college calendar will receive as grades a W (withdrawal passing) if he is passing or WF (withdrawal failing) if he is failing.

### Charlotte Area Educational Consortium

Wingate participates, with ten other institutions of the greater Charlotte area, in an educational consortium. The purpose of the consortium is to facilitate cooperation and to make available to students at member institutions opportunities available on other member campuses.

## Charlotte Area Educational Consortium Inter-Institutional Cross Registration

Wingate students enrolled as full-time students may take courses offered on the campuses of ten other Charlotte area cooperating schools. Cross-registration is done on a space available basis on the campus to be visited and the students are not required to pay additional fees.

Wingate students provide their own transportation. Details for cross-registration are available from the Registrar.

## Foreign Study and Travel

Students participating in programs of international travel and study under authorized leadership may apply for elective academic credit. A copy of itinerary and/or transcript must be filed with the Dean of the College. Credit is determined by the Dean of the College.

## Honors Program

The faculty is developing an honors program for outstanding students who wish to explore certain areas in greater depth and/or in a larger variety of methods.

## Cooperation with Senior Colleges and Universities

Wingate College is aware that most of its graduates will pursue baccalaureate degrees in senior institutions. Therefore, the faculty and administration continually study curricula developments at various senior colleges. Wingate administrators actively participate in the Joint Committee on the College Transfer Student. This group, sponsored by the North Carolina Association of Junior Colleges, and the University of North Carolina General Administration, deals with problems and concerns of transfer students, making the transfer process as convenient and beneficial as possible.

Wingate has also reached direct transfer agreements with a number of senior colleges. While there are minor variations among institutions, Wingate graduates may expect immediate acceptance to these colleges with

a minimum of paper work and face-value transfer of general education courses on which passing grades are earned. Agreements currently exist with:

American University, The  
Appalachian State University  
Belmont Abbey College  
Bennett College  
Campbell College  
Carson-Newman College  
Catawba College  
Coker College  
East Carolina University  
Elon College  
Erskine College  
Greensboro College  
High Point College  
Limestone College  
Mars Hill College  
Methodist College  
Newberry College  
North Carolina, University of, Charlotte  
North Carolina State University  
North Carolina Wesleyan College  
Pembroke State University  
Pfeiffer College  
Sacred Heart College  
St. Andrews Presbyterian College  
Winthrop College  
Wofford College

Since Wingate is fully accredited, transfer is by no means limited to the institutions listed above. Schools nationwide actively recruit Wingate graduates and allow full credit for courses completed.

## R. O. T. C.

Wingate College has a cooperative program with Davidson College under which Wingate students may enroll in the US Army Reserve Officers' Training Program (ROTC). Both men and women are eligible for this program and must travel to either the Davidson College campus or to the Charlotte Reserve Center to take instruction and training.

Under this arrangement, students planning to enter a four-year degree granting institution may fulfill the requirements for the Basic Course of ROTC (freshman and sophomore years) while at Wingate. In the Advanced Course of ROTC (junior and senior years), students enter into a contractual agreement with the Army and may receive up to \$1,000 per year.

Students may substitute credit earned in the ROTC program for Physical Education

requirements on a semester by semester basis.

Academic credit of three semester hours for each course is given by Wingate. These hours may be used as elective credit in any program of study. The following courses are available:

MS 21 (MS I): Organization of the Army and ROTC; American Military History (Pre-Revolution to WW I); Introduction to Tactics; Theoretical Leadership and Management (30 hours).

Leadership Laboratory (20 hours): Rappelling, Marksmanship, Survival Swimming, Physical Training and Dismounted Drill.

MS 22 (MS II): Principles of Land Navigation; Small Unit Tactics; American Military History (Post-WW I to Vietnam); Effective Writing (40 hours).

Leadership Laboratory (20 hours): Orienteering, Rappelling, and Physical Training.

Detailed information on this program is available in the Registrar's Office and from the Department of Military Science, Davidson College, Davidson, N. C. 28036.

### Summer School

A summer school is available in which a student may complete several hours of college work. The refund policy is void for summer enrollment.

The same high standards of the college are maintained with regular faculty members serving as instructors. Living accommodations and recreation facilities of the regular session are available.

For information concerning courses offered and other matters contact Mr. John A. Cox, Jr., Director of Admissions, Wingate College, Wingate, North Carolina 28174.

### Evening School

Opportunity is offered for students to take courses for college credit or personal enrichment.

Evening courses are taught by the regular college faculty.

For information concerning courses offered and other matters contact Mr. John A. Cox, Jr., Director of Admissions, or Mr. J. Larry Bishop, Director of Evening School, Wingate College, Wingate, North Carolina 28174.

# *Programs of Study*

Programs of study that lead to two different degrees are offered. They are: Associate in Arts and Associate in Science. Also there are programs leading to one year certificates in Accounting, Data Processing, and Secretarial Science.

## Liberal Arts

Studies in various phases of liberal arts are designed for students who wish baccalaureate degrees in English, history, religion, foreign language, art, speech, economics, political science, psychology, or sociology. Students should choose electives from among the foundation courses in their chosen field and related areas.

Majors in these areas provide an excellent basis for professional study in law and religion.

Business Administration

Studies in Business Administration provide a flexible foundation for the baccalaureate degree. In the upper division, students may concentrate in marketing, retailing, management, banking, finance, real estate, accounting, advertising, or applied computer science. Career opportunities are available with larger business enterprises in the area of specialization or in the individual development of small business concerns.

Those who wish expertise in computer and computer application to business may develop the foundations for both areas.

Engineering

Studies in engineering provide a base for students to enter upper division baccalaureate programs in civil, electrical, mechanical, and textile engineering. Career opportunities for the baccalaureate graduate include: civil engineering, the planning, design, and construction of buildings and public works with public and private agencies; electrical engineering, in the areas of communications and electronics; mechanical engineering, the application of theory to human needs and resources; and in textile engineering, the design, development and implementation of technology to deal with the needs of the textile industry.

Music

Studies in the School of Music provide a foundation for baccalaureate work or for immediate service in church music. Students may prepare for either a performance major or a career in teaching, publicity or privately. Programs aimed at the baccalaureate provide for specialization on a major and minor instrument/specialty. Performance groups and recitals give many opportunities for the student to gain experience.

Science/Mathematics

Studies in science or mathematics provide a foundation for baccalaureate programs in biology, chemistry, physics or mathematics. Math majors may also choose one of the more general programs in education. Electives should be taken in areas related to the major. Career opportunities for baccalaureate graduates in biology include education, marine biology, technology, air and water quality control. Baccalaureate chemists may enter quality control programs, education, and a variety of positions related to chemistry in many basic industries. Baccalaureate physics and mathematics graduates can look to careers in technological and scientific applications in industry and in education.

Students preparing for medicine, dentistry, pharmacy, and veterinary medicine should plan a baccalaureate major in one of these areas. Students who anticipate careers in nursing and laboratory technology should follow the bachelor of science program.

## Business Management

Studies in business on the associate degree level offer concentrations in management, accounting, and data processing. A strong core of applied business courses is combined with some liberal arts study to provide preparation for the job market after two years. Students who wish baccalaureate degrees in this area should enroll in the business administration program of study.

**Medical Office Assistance**

Studies in medical assistance provide a core of applied courses to prepare the student for employment at the end of two years. The program has been developed on the standards of the American Association of Medical Assistants; accreditation by that group is being sought. Vocational opportunities exist in clinics and physicians' offices.

## DIVISION OF BUSINESS AND ECONOMICS

BROWN (Chairperson), AUSTIN, BISHOP, HASKINS, MICHAEL, MACDONALD, MANGUM, NEFF, WHITE

*The Division of Business and Economics includes the instructional offerings in Accounting, Business Administration, Business Education, Economics, and Secretarial Science.*

*In Business, complete courses of study covering the first two years of the Bachelor of Science in Business Administration and Business Education are offered. In addition there are two year programs in accounting, executive secretarial, legal, medical, and church secretarial. An eighteen-month business management program is offered; also there are one-year secretarial and accounting programs.*

*The computer center is located in the Bridges Business Building. It is designed especially to meet the needs of those students who are entering the business world and those who are pursuing careers in engineering. Students in other areas, however, are encouraged to explore the potentialities of the computer for their chosen profession. An introductory course is made available whereby applications and various vocational fields are studied.*

*The center is equipped with two primary components—an in-house UNIVAC 9200 machine which is able to handle many applications as well as some administrative work of the college. The center also includes an IBM 3780 Data Communication Terminal. This terminal is connected with the Triangle University Computing Center located in the Research Triangle Park between Raleigh, Durham, and Chapel Hill. There, through a privately leased telephone line, Wingate's terminal is connected with the IBM system 360/165, which is one of the largest installations in the southeastern United States.*

*With these facilities, Wingate students have the advantage of hands-on experience with an in-house-Computer and the tremendous capacity offered by the TUCC network.*

*The computer science program provides instruction in the technique of modern computer science. Using modern equipment, the program offers both one and two-year courses designed to qualify the student for immediate employment in the business world. A Business Administration-Computer Science Program leads to a University Degree.*

## DIVISION OF FINE ARTS AND LANGUAGE

MURRAY (Chairperson), BLACKWELDER, COWSERT, DANNER, G. FERGUSON, FOREMAN, HELMS, MONTERO, NAPIER, PHILLIPS, QUINTANA, SLECHTA

*The Division of Fine Arts and Language includes the instructional offerings in Art, French, German, Spanish, and Music.*

*Courses in Art seek to provide an environment in which each student can realize his personal capacities for expression in art, either by studying the works of other artists or by involving himself in the creation of a work of art. Courses are designed to explore the methods and techniques of the various fields of the arts as well as to give the student a sound basic knowledge of drawing, painting, and design. Faculty members, who are themselves practicing artists, encourage the student to exhibit his own work and to study that of others. Wingate students have available for study the college's collection of original paintings by contemporary European artists, traveling exhibits which visit the campus, and exhibits of student work which are presented biannually.*

*Courses in the Foreign Languages assume that the student is a thinking human being with a need to share his ideas and feelings in foreign languages as well as his own. In addition to developing the necessary skills for communicating in another language, foreign language study also can help the student to understand and use his own language more effectively.*

*Instruction is designed to enable the student to communicate competently with natives in speech, reading, and writing. In the process, students are acquainted with the civilization and culture from which the language emanates.*

*Two thirty-minute laboratory periods are required in language courses per week, except in the literature courses. All foreign language courses at Wingate offer college credit.*

*Music offerings provide a complete course of study covering the first two years of the B.A., B.F.A., B.M. and Music Education degrees for those who wish to major in music. For those students majoring in other fields, electives in applied music and study in the music of western civilization are offered. Vocal and instrumental organizations give all students the opportunity to continue performance.*

*Instrumental music and voice majors are required to practice a minimum of six hours per week for one hour credit and nine hours for two hours credit. Piano and organ majors are required to practice a minimum of six hours per week for one hour credit and twelve hours for two hours credit.*

*A student may take up to three hours credit in applied music each semester with the approval of the chairman of the division and the instructor. Minimum hours of practice will be scheduled by the instructor.*

**Applied Music 132.** Class Instruction in Woodwind Instruments. A study of the basic techniques and materials needed in teaching instrumental music in the public schools. Two class hours per week. Credit: one hour.

**Applied Music 133.** Class instruction in Brass Instruments. A study of the basic techniques and materials needed in teaching instrumental music in the public schools. Two class hours per week. Credit: one hour.

**Applied Music 134.** Class Instruction in Percussion Instruments. A study of the basic techniques and materials needed in teaching instrumental music in the public schools. Two class hours per week. Credit: one hour.

**Applied Music 136.** Class Piano I. Group instruction in the fundamental principles of piano technique with emphasis on individual as well as ensemble playing. No previous training required. Two class hours per week. Credit: one hour.

**Applied Music 137.** Class Piano II. A continuation of Class Piano I. Two class hours per week. Credit: one hour.

**Applied Music 138.** Class Guitar I. Group instruction in beginning guitar. Basic chords and music reading. Students must bring their own guitar. Two class hours per week. Credit: one hour.

**Applied Music 139.** Class Guitar II. Continuation of Class Guitar I. Intermediate guitar instruction including popular styles and finger picking. Two class hours per week. Credit: one hour.

**Applied Music 141, 142.** Class Instruction in String Instruments. A study of the basic techniques and materials needed in teaching instrumental music in the public schools. Two class hours per week. Credit: one hour.

**Music 107. Band.** Performance of both original band works and transcriptions. Open to all qualified students. Three hours rehearsal per week. Credit: one hour.

**Music 108. Orchestra.** Performance of orchestral literature. Open to all qualified string players. Open to wind and percussion players by invitation. Three hours rehearsal per week. May be repeated for credit. Credit: one hour.

**Music 109. Choir.** The major choral organization which performs representative works from sacred and secular choral literature. Concertizes extensively. Open to all students by audition. Five rehearsals per week. May be repeated for credit. Credit: one hour.

**Music 110. Chorus.** A training choir which deals with basic choral technique. Open to all students. No audition required. Regular on-campus performances. Three rehearsals per week. May be repeated for credit. Credit: one hour.

## DIVISION OF HUMANITIES

COLEMAN (Chairperson), BARNES, B. CHRISTOPHER, FULGHAM, FUNDERBURK, GARRETT, GREER, HAYES, HEMPHILL, JACKSON, S. LITTLE, STOVER, SURRATT, THOMAS, F. VICK, WALKER, WILLIAMS, WOODSON

*The Division of Humanities includes the instructional areas of English, Greek, Philosophy, Reading, Religion, and Speech.*

*English courses seek to develop greater efficiency in the art of communication: reading, writing, speaking, and listening. Instructors endeavor to help each student develop the ability to think with clarity, to read with comprehension, and with appreciation of literary values, and to write with precision and a degree of ease. Included is a choice of study of selections from English, American, or World Literature from the beginning of literary expression to the present. These selections are analyzed in relation to economic, political, philosophical, and social tenors they represent.*

*English 101 and 102 are prerequisite to the following English courses from which a sophomore may choose on the basis of his course of study: English 201, English 202, English 203, English 204, English 208.*

*Courses in Religion provide the student with the opportunity to become acquainted with the life, literature, and the dynamics of the Christian faith. The over-all goal is to motivate and guide the student toward an intelligent understanding and appreciation of the Bible and the Christian heritage.*

*In a program of study which requires three hours of Religion, a course numbered in the 100's will be selected; if a program of study requires six hours of Religion, the second course may be selected from the remaining courses listed in Religion and Philosophy.*

**English 01. Basic Grammar and Composition.** A course in the fundamentals of grammar, spelling, and composition for entering students who are deficient in English. This course may not be concurrent with English 101. No college credit.

**English 02. Writing Laboratory.** Any student whose level of writing is unsatisfactory may be assigned to this class at any time during his stay at Wingate. Two hours laboratory. No credit.

**English 101-102. English Composition and Reading.** Intensive review of fundamentals of English, with emphasis on grammar and the mechanics of writing; the use of source material and the library; weekly themes; introductory acquaintance with types of literature. Frequent conferences throughout the year. Prerequisite to 102 is 101. Credit: 6 hours.

**English 201. Major British Authors.** A study of major English writers from Chaucer through Boswell. Prerequisites: English 101 and 102. Credit: Three hours.

**English 202 Major British Authors.** A study of major English writers from Blake through Auden. Prerequisites: English 101 and 102. Credit: three hours.

**English 203. Major American Authors to 1865.** A study of Major American Authors from the Colonial Period to the Civil War. Prerequisites: English 101 and 102. Credit: three hours.

**English 204. Major American Authors from 1865.** A study of major American authors from the Civil War to the Contemporary Period. Prerequisites: English 101 and 102. Credit: three hours.

**English 208. World Literature.** A study of selected major English, American, and continental writers. Prerequisites: English 101 and 102 (Business 106). Credit: three hours.

**Greek 101-102. Elementary Greek.** Essentials of Greek with emphasis on grammatical forms, simple syntax, pronunciation, and vocabulary. Reading of easy selections from Greek literature and the Greek New Testament. Credit: six hours.

**Greek 201-202. Intermediate Greek.** Review of grammar and reading of selected portions from Greek literature and the Greek New Testament. Credit: six hours.

**Journalism 101.** An introduction to journalism with emphasis on the basic fundamentals of news and feature writing, layout, and copyediting coordinated with work on the school newspaper. This course will be added to the curriculum to begin the Fall semester, 1976. Credit: one hour per academic year.

**Philosophy 201. Introduction to Philosophy.** A survey of the major problems of philosophy including knowledge, reality, man, value systems, and God. Alternatives presented by representative thinkers are considered. Emphasis is placed on the student's growth toward consistent philosophical perspective. Credit: three hours.

**Reading 101.** Study and practice in reading skills; comprehension, study skills, vocabulary, rate, and word recognition. The course involves both lecture and individualization to meet student needs and reading levels. Fifteen clock hours are required for each semester hour of credit. Credit: one, two, or three hours as desired.

**Reading 105.** Study and practice in reading skills: comprehension, study skills, vocabulary, rate, and word recognition. The course involves both lecture and individualization to meet students' needs and reading levels. Designed for students who desire a full semester's work in this area. Credit: three hours.

**Religion 101. Survey of the Old Testament.** Emphasis is placed upon the history of the Hebrew nation and the development of their religious concepts and institutions. Students are encouraged to develop an intelligent appreciation of the Old Testament through the use of standard aids to Bible study. Credit: three hours.

**Religion 102. Survey of the New Testament.** A survey of the historical and cultural background and the literature of the New Testament. The Gospels and Acts receive major emphasis. Credit: three hours.

**Religion 103. Hebrew Prophets.** A study of the historical background, function, message, contribution, and present significance of the Hebrew prophets. Credit: three hours.

**Religion 104. Gospels.** A study of the environment, personality, work, and teachings of the historical Jesus. Credit: three hours.

**Religion 106. Life and Letters of Paul.** A survey of the life and teachings of Paul as given in Acts and in the Pauline letters. Consideration is given to Paul's role in the thought and spread of Christianity. Credit: three hours.

**Religion 203. Religions of the World.** A survey of the historical development of the major religions of the world. The founders, major areas, and influence in the contemporary world will be discussed. Basic religions are Christianity, Hinduism, Buddhism, Confucianism, Islam, etc. Credit: three hours.

**Religion 205. Religion in American Life and Culture.** A study of the Judiac-Christian heritage of American culture. The leading denominations and faiths are surveyed and their contributions to American life evaluated. Credit: three hours.

**Religion 211. Philosophy of Religious Education.** A general survey of the history, principles, and purposes of religious education. Credit: three hours.

**Religion 212. Practicum in Religious Education.** An internship during the summer months in which the student works under selected ministers of North Carolina churches. A campus instructor cooperates with the minister in guiding the student in readings of the contemporary church and its role in local situations and in society at large. Credit: three hours.

**Speech 101. The Fundamentals of Speech.** This is a basic course which involves essential training in voice and diction; in the preparation and delivery of short speeches for different purposes; in participation of formal discussions; in listening and constructive evaluation. Credit: three hours.

**Speech 102. Oral Interpretation.** The development of adequate mental and emotional responsiveness to literature and the ability to communicate this appreciation to others by oral reading and dramatic presentation. Various types of literature used for study and practice: short story, narrative poem, lyric, sonnet, essay, and drama. Credit: three hours.

**Speech 202. Argumentation and Debate.** This course emphasizes the essentials of argumentation; research analysis; evidence, reasoning, case construction, and refutation; with application to public speaking and formal debate. Open by permission of instructor. Credit: three hours for three semesters participation.

## DIVISION OF SCIENCE AND MATHEMATICS

HADDEN (Chairperson), ADAMS, BOWLING, FAVRO, FLETCHER, GUPTA, HASS, JOHNSON, KERR, PATTERSON, POLK, ROWE, SCOTT, TAYLOR, G. VICK, WATSON

*The Division of Science and Mathematics includes the instructional offerings in Engineering, Mathematics, Medical Office Assisting, Natural Sciences, Physical Sciences, and Textiles.*

*In the Sciences, Wingate offers biology, chemistry, physics, and physical science. Its objectives are three-fold. It strives, first, to meet the needs and desires of the students for knowledge in the above-named areas; second, to instill in each student an awareness of the importance of science to modern man; and, third, to introduce the student to investigative procedure. The department attempts to meet these objectives by presenting courses general in nature and coverage for students pursuing general education courses, as well as more specialized courses to prepare the student for further study in the sciences.*

*The Mathematics courses strive to fulfill the needs of students in the fields of liberal arts as well as those whose vocations entail a knowledge of higher mathematics. The instruction seeks to enrich mathematically the cultural development of students, to develop competence in concepts, applications, and computation, and to relate mathematics to the everyday experience of students, thereby heightening an appreciation for this field of learning.*

*It is strongly recommended that all students, especially engineering students, remove any deficiency in mathematics during the summer session prior to beginning college work in the fall.*

*A student must successfully complete one year of high school algebra and one year of high school geometry or the equivalent (Math 01, Math 03), before receiving credit for any college level math course.*

**66** *The Engineering program offers instruction leading to the Associate of Science in Engineering degree. Strong supporting departments greatly increase opportunities for a broad and thorough training in preengineering. While each individual student's plan of study is specifically tailored to meet his own personal desires and professional needs, guidance is given to assure transfer to the engineering college of the student's choice. In addition to competence in higher mathematics, physical science, and basic engineering courses, Wingate College offers introductory courses in electrical, mechanical, and civil engineering.*

**Biology 101, 102. General Biology.** A survey of living organisms and their relationship to each other and to their environment, emphasizing the unity of life. Included are such topics as conservation environmental pollution, balance of nature, and human population problems. For students who do not plan to take further courses in biology. Students with two units of high school biology should take Biology 105 and Biology 106. Three hours lecture and two hours laboratory per week. Credit: four hours.

Note: Student should take either the sequence Biology 101-102 or 105-106. Credit will not be given for both sequences.

**Biology 105. Plant Biology.** A study of the unity of life with emphasis on the molecular and cellular aspects of biological organization. Attention is given to experimental methods and biological problems; structure, life processes, classification, and ecology of plants. Required for biology majors, pre-medical fields, and all students taking higher courses in biology. Three hours lecture and two hours laboratory per week. Credit: four hours.

**Biology 106. Animal Biology.** A survey of the major animal phyla with a study of morphology, physiology, embryology, genetics, and evolution. Three hours lecture and three hours laboratory per week. Credit: four hours.

Note: Student should take either the sequence Biology 101-102 or 105-106. Credit will not be given for both sequences.

**Biology 111. Basic Structure and Function of the Body.** Introduction to the structure and function of the human body including a survey of the integumentary, skeletal, muscular, nervous, endocrine, digestive, respiratory, circulatory, urinary, and reproductive systems. Laboratory and supplementary reading will parallel classroom work. Three hours lecture and two hours lab per week. Credit: four hours. (Not recommended for students preparing to transfer into four-year programs.)

**Biology 211. Anatomy and Physiology.** Structure and function of the integumentary, muscular, nervous, sensory and circulatory systems, with emphasis on the human systems. Laboratory work and demonstrations will parallel the classroom work. Co-requisite: Biology 101 or 105 or permission of the department. Three hours lecture and two hours lab per week. Credit: four hours.

**Biology 212. Anatomy and Physiology.** An integrated study of the lymphatic, respiratory, digestive, urinary, endocrine and reproductive systems, with emphasis on the human systems. Laboratory work and demonstrations will parallel classroom work. Co-requisite: Biology 102 or 106 or permission of the department. Three hours lecture and two hours lab per week. Credit: four hours.

**Chemistry 101. General Chemistry.** A brief study of the development of chemistry, its language, fundamental chemical laws and theories; occurrence, preparation, properties, and uses of the common elements; classification naming of compounds; and chemical reactions. Three hours lecture and three hours laboratory per week. Credit: four hours.

**Chemistry 102. Continuation of Chemistry 101** with a study of ionization, oxidation and reduction, properties of metals and nonmetals, and a brief study of nuclear and organic chemistry. Three hours lecture and three hours laboratory per week. Credit: four hours.

Note: Student should take either the sequence Chemistry 101-102 or 105-106. Credit will not be given for both sequences.

**Chemistry 105. Principles of Chemistry.** A course for students majoring in engineering, science, or pre-medical fields. A student of fundamental chemical laws and theories; elements, compounds, mixtures and solutions, atomic structure and behaviour; the periodic classification of the elements; states of matter and their transitions; crystal structure; acids, bases and salts; classification and naming of compounds; chemical calculations; and selected elements and families of elements. Three hours lecture and three hours laboratory per week. Credit: four hours.

**Chemistry 106. Principles of Chemistry. Continuation of Chemistry 105.** A study of rates of reaction and equilibrium, ionization, oxidation and reduction; fundamental properties of metals and nonmetals; and an introduction to organic and nuclear chemistry. Three hours lecture and three hours laboratory per week. Credit: four hours.

Note: Student should take either the sequence Chemistry 101-102 or 105-106. Credit will not be given for both sequences.

**Chemistry 221-222. Organic Chemistry.** A study of the fundamental chemistry of the aliphatic and aromatic hydrocarbons and their derivatives, with attention to preparation, properties and reactions. Laboratory work involves preparation and purification of typical organic compounds. Prerequisite: Chemistry 102 or 106. Credit: four hours.

**Engineering 101. Engineering Graphics.** Instruction in the use of drafting equipment and orthographic drawing. The major subtopics of study are: free-hand drawing, dimensioning, lettering, geometrical construction, sectioning, primary auxiliary views, and secondary auxiliary views. Two two-hour laboratory periods per week. Credit: two hours.

**Engineering 102. Descriptive Geometry.** The study of graphical solution to space problems. A more advanced study of orthographic projection. Principles of revolution, intersection, and development. Prerequisite: Engineering 101 or credit for Drawing in high school. Two two-hour laboratory periods per week. Credit: two hours.

**Engineering 200. Introduction to Mechanics.** Fundamental principles of mechanics and their application to the simpler problems of engineering; the role of Newton's laws, the nature and properties of force systems and stress fields, motion of particles, deformation of continuous media, and the concepts of continuity and equilibrium. Three hours lecture and recitation per week. Co-requisite: Mathematics 205. Credit: three hours.

**Engineering 201. Surveying.** Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, use of stadia, care and adjustment of instruments, elementary astronomical surveying. Prerequisite: Math 102 or equivalent. One hour lecture, five hours laboratory per week. Credit: three hours.

**68 Engineering 209. Electric Circuits I.** The fundamental laws and theorems of circuit theory. Introduction to transient and steady state sinusoidal analysis. Three hours lecture and four hours of problem drill and laboratory per week. Co-requisite: Mathematics 204. Credit: four hours.

**Engineering 210. Electric Circuits II.** A continuation of Engineering 209. Circuit analysis by complex frequency. Introduction to two-port networks and polyphase circuits. Three hours lecture and four hours of problem drill and laboratory per week. Co-requisite: Mathematics 205. Prerequisite: Engineering 209. Credit: four hours.

**Mathematics 01. Algebra Deficiency.** High school algebra, including the fundamental operations, factoring, fractions, simple functions, and graphs, linear equations and systems of two equations, with applications. For students with a deficiency of high school credits in algebra. Taught only when needed. No college credit.

**Mathematics 03. Geometry Deficiency.** A standard course in Plane and Unified Geometry designed for students who do not have high school credit for this course. Included are topics covering theorems, formulas, and practical applications. Taught only when needed. No college credit.

**Mathematics 101. Modern College Algebra.** A study of the structure of mathematics as a logical system; algebra of sets, logic, functions, graphs and their applications; linear, quadratic, polynomial, inverse, and exponential functions. Other topics in algebra such as inequalities, determinants, binomial theorem, progressions, algebra of ordered pairs, and vectors. Credit: three hours.

**Mathematics 102. Trigonometry.** An introduction to trigonometry by use of trigonometric, circular, exponential, logarithmic, and inverse functions and their practical applications; a study of identities, multiple-angle relations, graphs, and solutions of oblique triangles. Co-requisite: Mathematics 101. Credit: three hours.

**Mathematics 103. Contemporary Mathematics I.** This course, a historical and cultural approach to mathematics, is designed for those students in Liberal Arts or General College programs needing only one year of college mathematics. Topics explored include: mathematical systems and methods of problem solving. Credit: three hours.

**Mathematics 104. Contemporary Mathematics II.** This course, a historical and cultural approach to mathematics, is designed for those students in the Liberal Arts or General College programs needing only one year of college mathematics. Topics explored include: the concepts of measurement, mathematical functions, and probability. Prerequisite: Mathematics 103. Credit: three hours.

**Mathematics 105. Basic Concepts of Mathematics I.** Fundamentals of algebra: sets, relations, functions, logic, groups and fields. The structure of the number systems, elementary number theory, finite mathematical systems and mathematical proofs are also emphasized. Designed to meet the needs of the elementary teacher. Credit: three hours.

**Mathematics 106. Basic Concepts of Mathematics II.** Mathematical systems, concepts of probability, introduction to statistics, Euclidean and Non-Euclidean geometry, metric geometry, measurement, introduction to trigonometry, analytical geometry and complex numbers are some of the topics covered. Designed to meet the needs of the elementary teacher. Prerequisite: Mathematics 105. Credit: three hours.

**Mathematics 107. Algebra and Trigonometry.** Concepts of intermediate algebra and numerical trigonometry: Evolution of the real number system and its properties; Introduction to sets, logic, complex number field, relations and functions, with applications. Trigonometric, polynomial, circular, logarithmic, and exponential functions. Finite mathematical systems, identities, inequalities, and multiple-angle relations. Credit: three hours.

**Mathematics 110. Calculus and Analytic Geometry I.** The first of three semesters of a unified course in analytic geometry and calculus. Topics studied include rectangular coordinates in the plane and graphs, equations of lines, algebraic curves, including conic sections. Also introduced are functions, limits, continuity, differentiation of algebraic functions, application of derivatives and differentials, integration with applications of the definite and indefinite integral. Prerequisite: Mathematics 101-102 or equivalent. Credit: four hours.

**Mathematics 112. A unified course in analytic geometry and calculus containing the following topics:** set operations, graphs, functions, limits, continuity, derivation and applications, trigonometric functions; introduction to the antiderivative. Applications to the social, life, and behavioral sciences as well as the physical sciences are included where possible. Prerequisite: Mathematics 101-102 or Mathematics 107. Credit: three hours.

**Mathematics 202. Elementary Statistics.** An introduction of elementary statistics including such topics as measures of central tendency, measures of variance, random sampling, elementary probability and distribution functions. Prerequisite: Math 101 and Math 102, Math 107 or equivalent. Credit: three hours.

**Mathematics 203. Calculus and Analytic Geometry II.** The second of three semesters of a unified course in analytic geometry and calculus. Topics studied include transcendental functions, hyperbolic functions, methods of integration, polar coordinates, vectors, and parametric equations. Prerequisite: Mathematics 110. Credit: four hours.

**Mathematics 204. Calculus and Analytic Geometry III.** The third of three semesters of a unified course in analytic geometry and calculus. Topics studied include series, linear algebra, vector functions, and their derivatives, partial differentiation, multiple integration, and vector analysis. Prerequisite: Mathematics 203. Credit: four hours.

**Mathematics 205. Differential Equations.** A course in first order equations with variables separable; Euler's method of approximate solutions; physical and geometric applications. Linear equations of the first order; applications. Solutions of linear equations with constant coefficients; methods of undetermined coefficients, operators. Applications to network and dynamical systems. Introduction to series-solutions. Prerequisite: Mathematics 204. Credit: three hours.

**Mathematics 212. A continuation of Mathematics 112.** Additional topics in differentiation; definite integral and applications to areas and volume; introduction to sequences, series and calculus of two variables. Applications to social, life and behavioral sciences are included where possible. Prerequisite: Mathematics 112. Credit: three hours.

**Medical Office Assisting 101, 102.** Introduction to the role of the Medical Office Assistant and the study of professional attitudes and behavior. Emphasis on body mechanics, medical and surgical asepsis, nutrition and diet therapy, ordering supplies, first aid and medical emergencies. Three hours lecture per week. Credit: six hours.

**Medical Office Assisting 201.** Study of the administrative and secretarial duties of the Medical Office Assistant. Emphasis on office machines, medical records, histories, filing systems, medical transcription, medical business procedures and forms. Credit: four hours.

**Medical Office Assisting 204.** Study of clinical and laboratory aspects of medical assisting. Emphasis on equipment and instruments, technique of injection, medications, preparation of patients and examining room procedures. Credit: four hours.

**Medical Office Assisting 206.** A practicum in a physician's office or clinic in the last semester of the student's program. Credit: eight hours.

**Medical Office Assisting Seminar 208.** Discussion of problems encountered and experience gained in the practicum and consideration of resources available for resolving problems. Credit: three hours.

**Nursing 101.** An introduction to nursing care. Emphasis is placed on developing skill in all procedures and techniques based on natural and behavioral concepts relating to health and disease. Credit: three hours.

**Physical Science 101. The Universe of Man: The Biosphere and the Geosphere.** Selected topics including: measurement, the periodic table, atoms and molecules, the chemical basis of life, living things, ecology, rocks and minerals, surface features of the earth, geological history of the earth. Three hours lecture, two hours laboratory per week. Credit: four hours.

**Physical Science 102. The Universe of Man: The Atmosphere and the Space Sphere.** Selected topics including: composition of the atmosphere, climate, daily and seasonal weather changes, tides, navigation, time keeping, the solar system, and the sidereal universe. Three hours lecture, three hours laboratory per week. Credit: four hours.

Note: Credit will not be given for both Physical Science 102 and 104. Student should take either the sequence 101-102 or 101-104.

**Physical Science 104. Introduction to Meteorology.** Emphasis is placed on the causes of weather phenomena. This course includes weather observations, data plotting, discussions of weather maps and charts, synoptic systems, and energy diagrams. These techniques are required for weather forecasting. Three lecture hours and two laboratory hours per week. Credit: four hours.

**Physics 201, 202. General Physics.** An introductory course in college physics. This includes a study of mechanics, heat, sound, magnetism, electricity, light, optics, and a brief survey of modern physics with emphasis on solution of problems. A working knowledge is achieved through lectures and recitation, problem drill, and laboratory work. Three lecture hours and four problem drill and laboratory hours per week. Credit: four hours per semester.

**Physics 205, 206. General Physics for Engineers.** An analytical study of the fundamental principles of physics with emphasis on solution of problems involving engineering applications. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Mechanics, sound, heat, electricity, light and modern physics. Three lecture hours and four problem drill and laboratory hours per week. Credit: four hours per semester. Co-requisites: Mathematics 203, 204.

**Textiles 101. Introduction to Textiles.** An introduction to the textile industry, including the history of the industry, its raw materials, products, and place in the American economic scene. The course includes some study of basic manufacturing techniques, materials flow, terminology, and calculations. Credit: three hours.

**Textiles 102. Fiber and Yarn Technology.** A study of the process of converting fibrous materials into finished yarns. Emphasis will be placed on fiber properties as they affect yarn structures and on basic machinery involved in the area. Three hours lecture and two hours laboratory. Credit: four hours.

**Textiles 205. Fabric Technology.** A study of the theory of woven and knitted fabrics. In woven fabrics, emphasis will be placed on fabric construction and weave formation. On knitted fabrics, flat, circular, and warp types will be introduced and knitting as a method of clothing production will be explored. Three hours lecture and two hours laboratory. Credit: four hours.

**Textiles 206. Fiber Science.** A lecture course emphasizing: the chemical constitution and properties of fiber-forming polymers; theories of fiber structure; the relationship between the molecular structure of linear polymers and physical properties of natural and man-made fibers; the principles and methods of producing man-made fibers; the chemical behavior of natural and man-made fibers. Prerequisite: Chemistry 101. Credit: three hours.

**Textiles 210. Textile Practicum.** Students are placed in selected textile plants for full-time in-service training. The training will include several different aspects of the manufacturing process. The instructors will cooperate with industry supervisors in coordinating this course for an eight week period. Credit: six hours.

**Textiles 211. Textile Seminar.** A course allowing depth exploration of particular aspects of the textile field. Each student, in consultation with the instructor, will pursue his interests through readings, papers, and seminar discussions. Proficiency on the theory and operations of textile mechanisms will be expected. The course will continue for eight weeks. Credit: six hours.

## DIVISION OF SOCIAL SCIENCE

BELL (Chairperson), BRIDWELL, CAUBLE, CONNELL, R. CHRISTOPHER, FAULKENBERRY, R. FERGUSON, MCCONNELL, PIPES, SPARKS, STEPHENSON, TRAYNHAM

*The Division of Social Science includes the instructional offerings in Education, Geography, Government, History, Physical Education, Psychology, Recreation, and Sociology.*

*In the Social Sciences, Wingate offers to students an opportunity to explore the historical development of human civilizations, man's attempt to understand and structure his social environment, and the values which underlie human relationships. Instruction is designed to encourage students to investigate social phenomena in conceptual frameworks and to discern in the past and the present both the infinite variety of human aspirations and the possibilities of their fulfillment.*

**72** *Physical Education provides an opportunity for all students to participate in a wide variety of activities including team sports, dual sports, individual sports, and recreational activities. Students are encouraged to develop an appreciation of physical activity and are taught the skills which heighten personal enjoyment of participation. Well-developed programs of intramural and intercollegiate athletics complement the work of this area.*

*In general, the college requirement in physical education is three semesters. The first two courses, to be taken in the freshman year, must be selected from Physical Education 101, 102, 103, or 104. The third course, to be taken in the sophomore year, may be selected from the physical education courses.*

**Economics 201. Principles of Economics.** A course (macro) designed to enable a student to understand his economic world and his role in that world. Topics covered are: GNP Accounting; the determination of relative prices, taxation and spending policies, money and banking, analysis of current economic problems. Credit: three hours.

**Economics 202. Principles of Economics.** A course (micro) designed for the business oriented person who wishes to understand various markets and how a businessman should function in those markets. Topics covered are: pure competition, monopolistic competition, oligopoly, and monopoly markets, supply and demand, and current problems associated with the operation of a business. Prerequisite: Economics 201 or permission. Credit: three hours.

**Education 101. Foundations of Education.** The historical and sociological backgrounds of modern educational theories and practices. The course will enable the student to develop a mature approach to the basic philosophy of education in the contemporary world. Credit: three hours.

**Education 110. Introduction to Pre-School Education.** An introduction to the cultural and social influences on the development of education for the child under six years of age. The course will concentrate on educational thought and practice relating to this age and will apply the theory to the roles of learning, play, and emotional development in the early educational experience of the child. Credit: three hours.

**Education 112. Child Growth and Development.** A depth study of the physical, mental, and emotional growth of children up to the age of eight. Of primary importance will be the nature of learning. Credit: three hours.

**Education 211. Curriculum for the Pre-School Child.** An integrative study in the communication of natural sciences, mathematics, art, and music to the young child. Special consideration will be given to the use of creative play materials and experiences in teaching this age group. Credit: three hours.

**Education 212. Early Childhood Literature.** Survey of literature appropriate for nursery and kindergarten children. Emphasis will be placed on language usage, spontaneous expression, storytelling, and reading. Credit: three hours.

**Education 221, 222. Practicum in Pre-School Education.** The student will spend at least six hours per week in a day care center for young children. This experience will be supervised by an instructor in the center in conjunction with a campus instructor. Credit: three hours each semester.

**Education 230. Seminar in Pre-School Education.** This course will be taken in conjunction with the practicum in the student's last semester. The student and the instructor will work out the details of reading and written work within the student's interest area. Seminar meetings will center around experience gained in the practicum. Credit: three hours.

**Geography 201. Elements of Geography.** An orientation course in certain basic facts and geographical tools. Major emphasis is placed upon elements of weather, climate, and earth processes. Credit: three hours.

**Geography 202. World Regions.** A study of the geography of the world by regions, an explanation of their position and extent and influence upon people. Credit: three hours.

**Government 201. American Government.** A basic course in the essentials of American government, giving attention to the nature and origin of our national government. Credit: three hours.

**Government 202. State Government.** A study of the organization and operations of state government and the relationship with national and local governments. Credit: three hours.

**History 101, 102. World Civilization.** A survey of the major civilizations of the world, placing emphasis on the movements of history affecting the development of western culture. Credit: six hours.

**History 103. United States Economic History.** Through an economic and historical approach, the development of the American free enterprise system is emphasized. Further emphasis is placed upon commerce, agriculture, industry, and the complexities of economic society. Credit: three hours.

**History 201, 202. United States History.** A study of the major trends in American history, political, social, and economic. The primary purpose of the course is to teach the fundamental principles of the American way of life and an appreciation of our great heritage. Credit: six hours. (not open to students having credit for 105, 106.)

**Physical Education 101, 102. Basic Skills.** These courses include the playing of team sports such as soccer, speed ball, basketball, volleyball, softball, field hockey, and touch football. Credit: two hours.

## The Wingate College Annual Fund

Each year substantial sums must be raised to meet the differential between what students *pay* for their education, and what their education costs. The College and its students have been beneficiaries of the loyalty of the Baptist State Convention of North Carolina, the Independent College Fund of North Carolina, corporations, foundations and individuals. The constancy of gifts, grants, and bequests perpetuate the Wingate College cause, and make it possible for the College to operate on a balanced budget, even at very modest cost to the student.

The Annual Fund is comprised of all gifts during the College fiscal year—June 1 through May 31.

*The President's Council* consists of donors who contribute \$1,000 or more per year to Wingate College.

*The Founders' Council* is made up of donors who contribute \$500 or more to Wingate College.

*The Patrons* include all persons who make an annual gift of at least \$100 to Wingate College.

*The Gatekeepers* include alumni and friends who make annual contributions of less than \$100. Each gift to Wingate is very important regardless of size.

All gifts to Wingate College are tax-deductible. For further information about giving objectives, gifts of property, gifts through will, contact:
